Bones & Muscles (*Skeleton Handout Jump Into Jazz*) Joints, Powerhouse, Flexibility, Tempo, Beat, Rhythm, Musical Phrase, Note, Value Tree Example (*Jump For Jazz*) Alignment, Placement, Pilates, Effort, Mental, Emotional, Inner Pulse, Resistance

Dance III: Advance Dance Terms (possibly Dance IV?)- Kinesiology, Pilates, Placement (Skeletal), Muscle Groups, Joints, Spine, Vertebrae, Social, Ballet, Modern, Jazz, Tap, Musical Theatre, Flexion, Tension, Resistance, Terpsichore, Choreographic Forms, Creative Visualization

Learning Activities

- Teach a combination of exercises to music (isolations)
- Have students take a partner and teach each other the same isolations with proper counts and usage of terms.
- Teacher then choreographs a dance sentence. Students identify the isolations. Students identify the dance term.
- Repeat through the use of video, two choreographic styles from African dance basic elements.
- Teach basic ballet concepts of , chasse', assemble, glissade , chasse'
- Review Isolations Divide the class into groups and have each group develop a modern phrase of movement based on the above 1-4
- Students will read *A Sense of Dance, The Laws of (Loco) Motion, Part II, The Elements of Dance*, chapter 5, 6, 7, and 8.
- Students will think about the spaces they occupy during the day. What range of movements do those spaces allow? Example- Go to a sporting event or practice and observe the movements of the athletes. Write down the sequence of as many of their movements as you can in 5 minutes of observation. While you are there, write down your estimate of the dimensions of the space they have to work in. Students will work in trios and develop a movement conversation by taking turns moving and responding then choose the most interesting moments from each position.
- Students will observe various video presentations; ex; Alvin Ailey *Revelations*, *Martha Graham Dance on Film* and *The Nutcracker*.
- Answer Questions: How did the dance make you feel? Were the characters or dancers responsible for the communication of the feelings? Why? What role does the choreographer play in the communication of the dance? (discussion)
- Students listen to a selected old negro spiritual.
- Students employ creative visualization to create a story that exists in their minds.
- Students write the story into a journal.
- Students begin the process of improvising movement that would best convey the emotions of that story.
- Research articles on dance and nutrition.
- Dance and smoking. -Dance and drug abuse -Dance and alcohol abuse.
- Record your results.
- Chart your own eating habits (Food Log) for one week...

- Write a self-evaluation of the results.
- Video observation of *Revelations*
- Students learn a combination that is typical Alvin Ailey reconstructed by the teacher *Old Negro Spirituals*
- Students identify the “style”
- Students re-create the style, in a group combination
- Teach a combination of beginning, intermediate, and advanced exercises to music. (adagio) - Have students take a partner and teach each other the same adagio with proper counts and usage of dance terms.
- Teacher then choreographs a dance sentence. a. Students identify the vocabulary b. Students identify the dance terms
- Read *The Power of Dance*, *A Sense of Dance*, and extract a timeline of the development of modern dance as we know it today.
- Observe “dance explosions” to compare and contrast several dance styles and ask students to identify the genre of dance and relate it to its place in history.
- Define classical and contemporary ballet. Discuss the division and the meaning of classical as it relates to ballet and to all the arts.
- Follow and execute basic Pilate and yoga stretches.
- Review proper posture and placement...discuss the advantages of muscular alignment and good posture to health.
- Teach a combination of exercises using Modern Technique (Horton) or Ballet Technique (Balanchine)
- Have students take a partner and teach each other the same exercise with proper counts and usage of terms.
- Teacher then choreographs a dance phrase.
- Students will learn the Horton series *Dimension* exercises from Horton technique, *Falls* from Graham technique, and *Rebound* exercises from Limon technique.
- Students will review *A Sense of Dance* chapter 2, Modern dance, Definitions and History. - Relate the three techniques to a period in time. Written assignment.
- Students will receive a recipe of movement. (Ex: 4 contractions, 2 spirals, 1 Jeté, 1 fall, 5 swings) add an emotion and a pattern.
- Students will form groups and follow the recipe to create a dance
- Answer Questions: How did the dance make you feel? Were the dancers responsible for the communication of the feelings? Why? What role does the choreographer play in the communication of the dance? (discussion)
- Students are asked to design a poster for the dance studio that shows a health “Do’s” or “Don’t’s” for dancers. At this level dancers should use their experiences from Dance I-Dance II to formulate these rules

Assessments

SPARTAN MISSION:

Meeting the needs of all students with a proud tradition of academic excellence.

Formative:

- Group work, collaboration on PBL
- Written tests that examine the knowledge of dance terminology
- A student demonstration of physical movement from a verbal command
- A teacher demonstration of a dance position, dynamic or element, and student response in writing
- Teacher observations of students understanding of historical relationship of past to present
- Students' ability to follow directions and work within a group
- Teacher evaluates for accuracy, completion and content
- Completion and content of written answers to questions
- Their journal entries and the demonstration of examples of movements that best convey the idea or emotion
- A written test which relates questions of dance, nutrition and life and is based on the research and class findings
- Completion of the combination, and a demonstration of the understanding of the "style"
- Completion of Ballet and Modern timeline
- Teacher evaluates for accuracy completion and content of the timeline
- Verbal responses to dance demonstrations and the correct association to dance definitions, techniques, elements, and terms
- A demonstration of movements that best convey the idea or emotion
- Participation of stretch warm-up and discussion of the correlation of proper, healthy, and non-injury teacher-guided exercises

Alternative:

- Content and completion of choreographed sequence with regard to an understanding of classical vs. contemporary dance styles
- Participation, Effort, Attitude, Character, Discipline, and Required Dance Attire
- Their ability to make a physical distinction between styles of modern dance and ballet dance -
- The completion of the recipe and a dance that fulfills the ingredients
- A final discussion on images and movement
- Content and creative delivery of the poster assignment message

Summative:

- A written assessment of their ability to differentiate the styles of each choreographer in the genre of Modern and Ballet Dance.

Essential Questions	
<p>How do we engage in clarification of the performing dance vocabulary? What are the similarities and differences between specific dance styles of Choreography and Advance Improvisation? How do we create a dance sentence using vocabulary and dance terms? How do we recognize structured choreography within dance compositions? What are the elements of a production? How do we foster creative student choreography? How do students process teacher learned choreography? How do life experiences define and motivate the student choreographer? How does journal writing allow you to review and experience choreographed dance solos and choreographed 3 minute dance duets, trios, small groups, kicklines or large groups? How do students cite, explain, and construct dance criticism while using a teacher rubric? What are proper shoes used for specific choreographic dance combinations? What dance floors and supplies prevent feet from rolling inward during choreographed structured learned combinations? How do students compare and contrast Dance I, Dance II and Dance III principles and styles of dance from observing a professional University Student Dance Concert Productions, (Montclair, Monmouth, Rutgers?) What dance projects enable students to improve and correct creative dance structures within original choreography? How do students choreograph structured compositions and apply selected Dance I, Dance II and Dance III vocabulary? What determines a student's length of choreography? Depending on the level of the students with choreo.:Dance I Students must display a minimum of 1 minute in length. Dance II Students must display a minimum of 2 minutes in length. Dance III students must display a minimum and maximum length of 3 minutes. How can students journal a lighting plot, prop plot, and costume plot for a specific dance technique and variety of dance styles? Do students prefer verbal or written corrections applied to creative and choreographed combinations? How do advance choreographers connect digital plots and scenery to their creative dance projects? How will students evaluate and create a dance resume? What are some demonstrations of consistent learned principles of dance from an advance dance performance.</p>

and stylistic nuance, and/or perform excerpts with technical accuracy, appropriate musicality, and the relevant stylistic nuance.

Key Concepts and Skills

Students will be able to:

- Demonstrate clarity in performing dance vocabulary
- Distinguish the styles and principles of a specific dance study and routine
- Create a dance phrase using dance vocabulary and dance terms
- Demonstrate choreographic structures within a dance composition
- Demonstrate improvement in performing Dance I, Dance II and Dance III movement combinations through application of demonstrated corrections guided by dance teacher
- Compare and contrast basic principles and styles of dance from a visual presentation
- Demonstrate and integrate the use of choreographic structures within a self-made composition
- Demonstrate and explore improvement in performing Dance I, Dance II, and Dance III movement combinations through self-evaluation

Learning Activities

- Students will learn Dance I, Dance II, and Dance III Terms and Vocabulary as steps
- Students will combine steps to create a combination of creative structured choreography - Students will create a combination of 32 counts or 4 counts of 8.
- Students will demonstrate a progression of steps across the floor.
- Define elements of a production; Choreography, story, music, dynamics, costumes, etc. - Define and/or review the choreographic structures
- Videotape the students dance (teacher learned group choreography)
- Observe and identify the structures and forms. a) Have we succeeded? What could we have done better? b) Record thoughts into journals. c) Record day 1 rehearsal on cell phone or personal camera as a DVD (Portfolio)
- Have students cite and explain to the class, an improvement that was a result of a specific adjustment that they consciously made in order to attain the desired result. -Ex: My feet were rolling inward when I did a Plié'. By sending the knees over the toes, and rotating from the hips, I was able to keep my whole foot on the floor and prevent it from rolling inward.
- Students will create a combination of 64 counts or 8 counts of 8.
- Student will choreograph a solo or duet. The dance must employ Dance I, Dance II and Dance III vocabulary and be at least 1 minute in length.
- Demonstrate improvement in performing movement combinations through application of verbal corrections.
- Student will choreograph a solo or duet. The dance must employ Dance I, Dance II and Dance III vocabulary and be at least 2 minutes in length.
